Additional Materials: 2 clip-style stitch markers, tapestry needle for weaving ends

Gauge: 19 stitches and 40 rows = 4" square in garter stitch

yo - yarn over

Wrap & Turn (w&t):

- knit up to the stitch to be wrapped
- pull the working yarn forward between the two needles
- slip stitch from left needle to right
- pull the working yarn back between the two needles
- slip same stitch from right needle to left
- turn work
- pull the working yarn back between needles to be in position to continue knitting

Directions

With yarn #1 (either end of braid), cast on 156 stitches and knit 1 row.

TRIANGLE REPEAT = each triangle has the same size !

Row 1: Knit 150 stitches, w&t (do NOT knit to the end of the row)

Row 2: Knit to end

Row 3: Knit 144 stitches, w&t

Row 4: Knit to end

Row 5: Knit 138 stitches, w&t

Row 6: Knit to end

Row 7: Knit 132 stitches, w&t

Row 8: Knit to end

Continue in this manner, knitting 6 stitches fewer every odd-numbered row, and knitting to end every even-numbered row. The last w&t is 6 stitches from the end.

Lace Row: (last row in yarn #1) - knitting from the wide end towards the narrow end, Slip 1, knit 1, *yo, k2tog*, repeat between *s to last two stitches, knit 2.

CHANGE TO YARN #2

Attach new yarn colors at the narrow end. Knit across row, and at the end of the row use the backwards-loop cast-on to cast-on 20 stitches. Turn work, and begin the Triangle Repeat at Row 1.

Repeat Triangle Repeat until you have finished all 12 triangles in the same size.

EDGING

Using yarns leftover from triangles, knit across all 376 stitches. You can follow the same color pattern as the triangles, and knit as many rows as you like in each color. Weave in ends.
